Overview

LCD's and CRT's sizes are measured differently, do you know the difference?

Not sure of the difference between "flat panel" and "flat screen"?

Impress one and all with the Dell™ UltraSharp™ 1907FP 19-inch Flat Panel LCD Monitor. The slim black bezel design fits into most working environments and on most desktops. Its stand lock down mechanism allows locking of monitor into place at the lowest height which can allow easy transportation of display. The combination of advanced LCD technology and the range of added features make the UltraSharp™ 1907FP the perfect display for any user. With the included height adjustable stand, you can adjust the display to your exact comfort level and help reduce eye and neck strain. Dell-branded monitors undergo exhaustive testing for performance, reliability, durability and compatibility with Dell™ systems.
